Haker, twenty-eight years old, 1230 South Ellwood avenue, a brakeman employed by the Pennsylvania railroad. Baker was found lying on top of a freight car at noon yesterday at Orangeville, with blood flowing from a wound in the

For two days Kowalewski "hooked" school and was with Meyers, Tuesday Myers was sent to a butcher shop with by a neighbor to buy some meat. Myers admitted running off with the money. He went to Fait avenue and Steeper street and met Kowalewski. The boys went to Highlandtown and bought two rifles and 100 cartridges. Tuesday night they slept in a vacant house and the next day they hunsted in the woods near Bayview Junction.

Yesterday morning they broke into a shooting gallery and stole two Winchester rifles and 3,00 cartridges.

With the new rifles the boys went to a vacant house on Eastern avenue near the railroad tracks and for some time amused themselves by shooting inside the house. The sklights and walls were perforated with bullets. Next they broke glass from the windows and began shooting at a small telephone box used by railroad men.

It was about noon when a freight train come along bound for Peansylvania points. A score or more shots were fired before Baker was fatally wounded.

PLANS TO GET BOYS TO SUNDAY SCHOOLS

inducement of limited privileges in the boys' department of the X. M. C. A. is offered to non-members of the who will attend Sunday school three out of four Sundays.

The plan for co-operation between the Y. M. C. A. and the Sunday schools of the city, whereby an average attendance of 75 per cent will be maintained in the Sunday schools is being completed

by E. B. Fuller, physical director for boys, and will be presented to church officials.

Practically all of the privileges of the boys' building are to be granted the visitors one night each week, provided they can show an attendance card, signed by their superintendent or teacher, with an average of 75 per cent.

The boys who avail themselves of the privileges offered by the association. the privileges offered by the associa-tion are to be divided into two groups. The first class is to be formed of those 12, 13, and 14 years of age, the second boys from 15 to 19 years old. The former will have the use of the boys' building on Wednesday evenings starting at 7 o'clock. The senior division of the boys will meet on the same night as the younger ones, but an hour later.

Gymnasium instructions are to be given with coaching in track work and swimming lessons. Various leagues will be formed that a spirit of friendly rivalry may be promoted. Track and swimming meets will be held with other

athletic contests.

Terr cents a period will be charged by the association, the fee being payable by either the Sunday school or the individual. Superintendents generally are said to be highly in favor of this plan since it apparently solves a problem that has been unanswered for some time.
